<p>Frequently asked Questions on Vaccine Eligibility, Scheduling, Vaccine Information, Vaccine Supply, and Booster Doses</p>	<p>Answers to these FAQ subjects can be found on the State website, where they are conveniently sorted by</p>

	category here: https://www.maine.gov/covid19/vaccines/public-faq
Benefits of Being Vaccinated	Accurate facts about the benefits of getting a Covid- 19 vaccine can be found here: https://www.cdc.gov/coronavirus/2019-ncov/vaccines/vaccine-benefits.html
Recent Updates	<p>The most recent updates for Maine specifically, including releases on Maine approved booster protocol, can be found here: https://www.maine.gov/covid19/vaccines/updates</p> <p>The current guidelines for boosters require that an individual receiving Moderna must have had their 2nd dose at least 6 months before their booster and be 18 years of age or older.</p> <p>The current guidelines for boosters require that an individual receiving Pfizer must have had their 2nd dose at least 6 months prior to their booster, and be 16 years of age or older.</p> <p>The current guideline for J & J boosters requires that an individual be age 18 or older and have received their primary vaccine two or more months ago.</p> <p>Updates for pediatric vaccines, including the most recent authorization for use, can also be found via this link.</p>

Currently our most Frequently asked questions at the Sanford Vaccine Clinic include:

Can I bring my 5- 11-year-old during the adult clinics?	Yes, starting the week of the 15 th we have opened our clinic hours up for all vaccines and boosters.
Can I have my child vaccinated with Moderna?	No, the only vaccination approved for use on 5-17-year-olds is currently Pfizer. 5–11-year-olds must be vaccinated with the pediatric dose of Pfizer.
Am I eligible for a 3 rd dose of Moderna?	Patients are eligible for a booster shot of Moderna if their last vaccine was 6 months prior and they are 18 years of age or older.
I am over 65, can I get my Moderna 3 rd dose?	Yes, the new guidelines include people aged 65 and older.

I had the Flu shot within the last 14 days; can I still get vaccinated?	Yes, the current CDC guidance is that patients who have received a flu shot can get their Covid-19 Vaccine the same day.
Do I need to make an appointment?	No, we accept walk- ins only.
Are boosters available?	<p>Boosters for all vaccines are available to those aged 18 or older.</p> <p>Pfizer boosters are available to those aged 16+.</p>
Do you have J & J?	Yes, we have been keeping J & J vaccine in stock.
Can I have a new card written at your clinic?	<p>New cards can be written at our clinic if the patient received all their doses in Maine, if their Primary Care Provider updated their Maine record with out of state doses, or if they provide proof of vaccination from out of state.</p> <p>If a patients vaccination information is not available by the ways mentioned, we cannot write a new card and we cannot issue any blank ones. They will be advised to call their Primary doctor or the original vaccinating site.</p>
